"How Could We Ever Forget" 216-217

Class Will 220

A massive, solitary rock stood like a pedestal on the top of a high hill. All its waking hours it could observe the happenings of the surrounding countryside. For millions of years it just sat there, watching all the changes occur while it remained intact, only a rock on the face of this earth.

Soon, it began to notice a change within itself, a feeling of becoming smaller, of wearing away. It took many years to realize this slow, constant change. The big old rock pondered the problem; rains came, the wind raged, days and nights passed and still it was puzzled. All the while, this altering of size continued until one day, accompanied by a resounding thunder, the rock split into many pieces and scattered down and around the hill. The earth trembled and animals ran and hid to keep clear of this fatal avalanche.

The gigantic rock existed no longer. All the birds that perched there soon found other places and in no time at all, the great rock was forgotten.

One day, one small lonely stone, the size of an acorn, looked around at all the other stones in wonder. Realizing nothing at all of the great explosion, it could not imagine how all these stones came to be scattered here and there. Wishing to learn more about what was indeed perplexing, the stone began to roll itself down the hillside. It began slowly but soon picked up more and more speed until it was racing headlong and the further it rolled, the more things stuck to its sides and the larger it became.

When it finally reached the bottom of that hill it was going so fast that the stone, now at least ten times larger than before, found itself at the top of another hill where it came to a halt. There it remained, still pondering the events that had taken place and speculating about the future. That was all it could do, for the present.

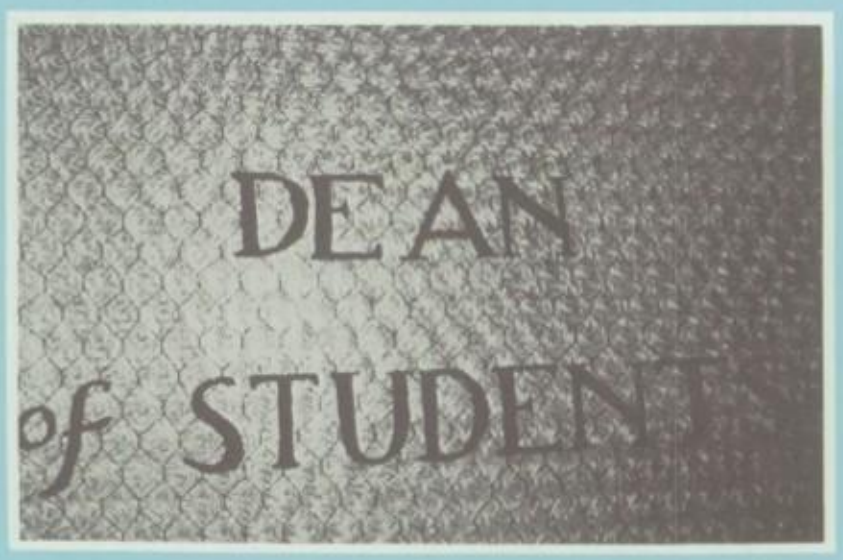
DEDICATION



Mrs. Roberta H. Sawyer

"The Dean" is the students' friend. She is a warm and wonderful person, and a help to all those who need help. She is in charge of class functions, all the steering committees and class officers, as well as the Girls' League and yearbook staff. Her dedication, love, and care has inspired the 1974 Crimson Log Staff to dedicate this yearbook to Mrs. Sawyer. We are very grateful to her for her continued confidence in us. Stick around Mrs. Sawyer, we may need you in the future.

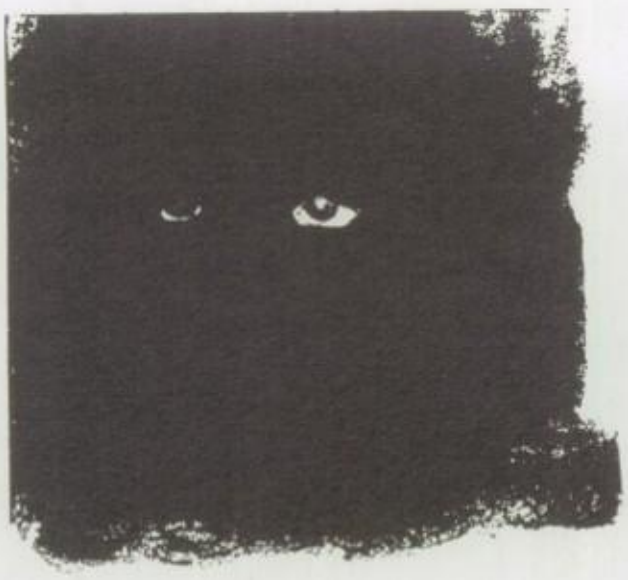
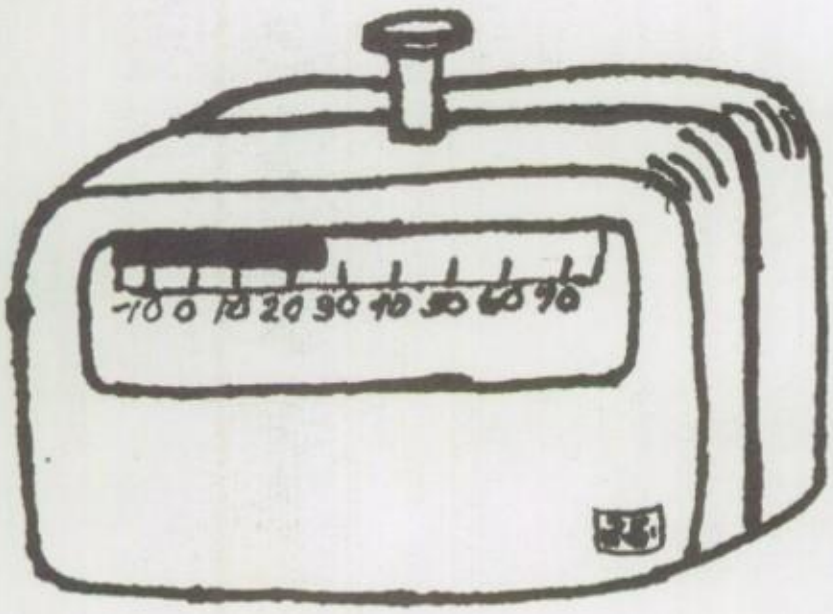
AN ENERGY CRISIS



Can you see the figure in this picture? If you can't, don't feel bad because the camera was not able to pick up an image from a lack of proper lighting. This is darkness and this is what it was like going to school this winter.

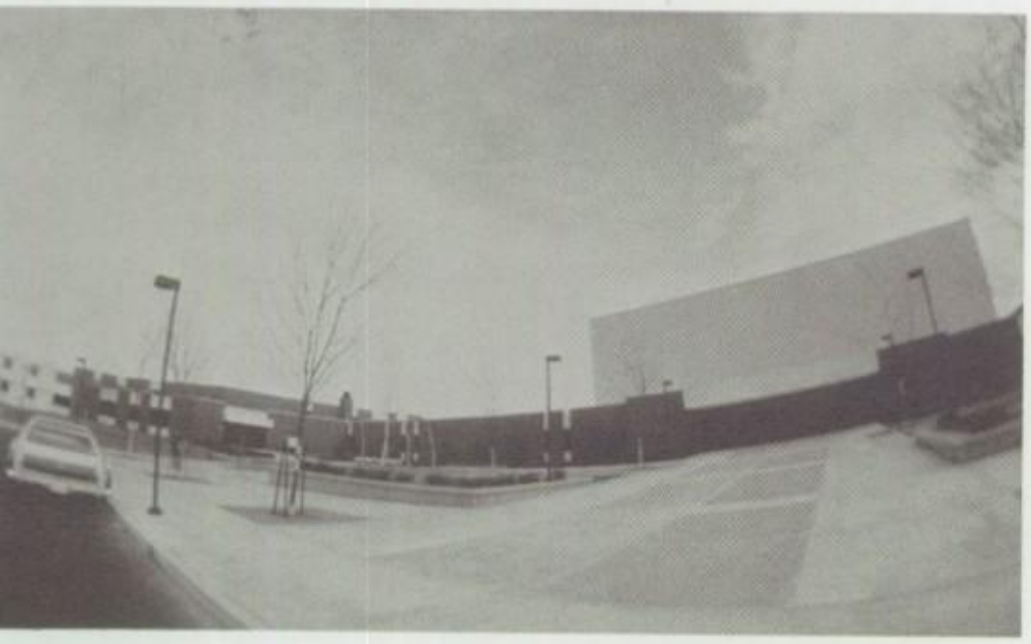
Pre-dawn and we can discern figures now. See those people with their heads bowed? They are afraid of the dark and are cold but they must go to school. However, there must be some night-owls who couldn't be happier at this turn of events.

Would you believe this is the first opportunity many of us have had to see the sunrise? A truly novel experience. Adds a touch of beauty to our routine.



Notice that the red line is very short. This is because the temperature here was not high enough to make it rise. Cool, eh?

These people are not ready to leave school yet, contrary to appearance. They are wearing their coats because it is unpleasant to shiver all day long.



Day has finally broken and a bit of light has been shed upon the subject. It was something different for everyone, to be sure.

Plagued by costly mistakes and handicapped by a tough schedule, the Big Red Machine finished its season with a 3-5-1 record. There were, however, many bright spots as the record was not truly indicative of the Whalers' talents. Coach Bruce MacPherson, in his inaugural coaching season on a high school level, had four of his players named to the Southeastern Mass. All Star Football Team. They included Ron Huston, Mark Nooth, Casey Cabral and Mark Sullivan. Huston and Richard O'Berry were the co-captains who led the team this year.

The Crimson kicked off the season by crushing LaSalle, but soon learned that the remainder of the season was not to be that easy after their loss to the powerful Brockton team. The three Whaler victories came as a result of "putting it all together". Coach MacPherson summed it up best when he said, "I have no key players, but rather a team of key players."

The major highlight of the season was the Thanksgiving Day victory over traditional rival Durfee High School. Still smarting from the previous year's loss to Durfee, the Whalers scored early and often to the tune of a 21-6 win. The efforts displayed by the team were tremendous, including inspired performances by the Seniors who played in their final high school football games. This victory proved that NBHS had a class team,

and with a few breaks, could have gone all the way.

No one will forget the large crowd that filled a soggy Sargent Field on Thanksgiving morning, and that cheered the Big Red Machine on to victory, nor will they forget the dedication and spirit of our team.

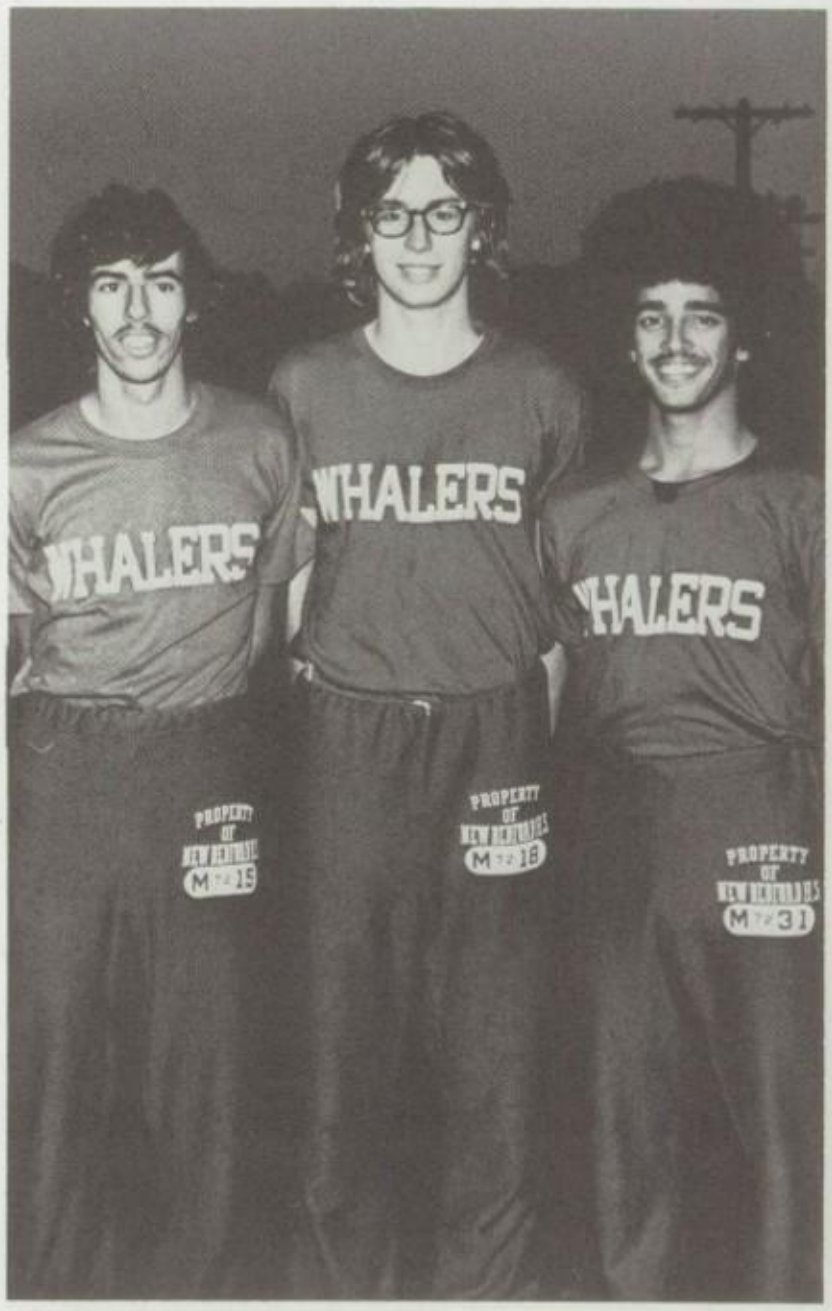
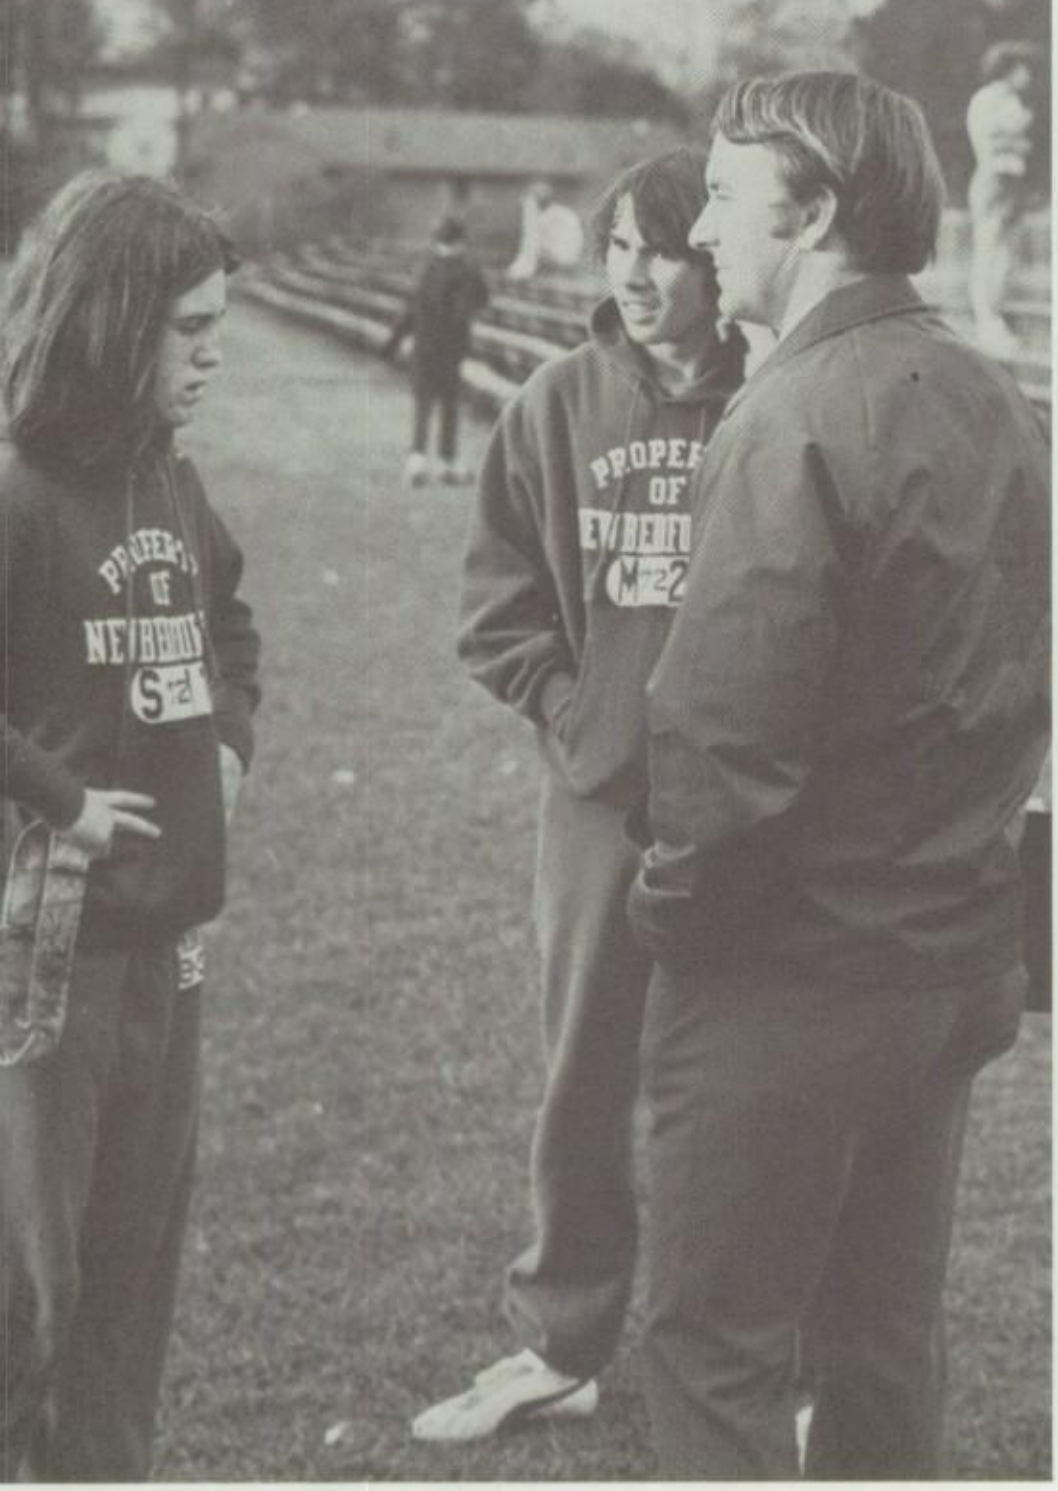
CROSS COUNTRY

First Row: (L to R) Brian Burke, Phil Neves, Larry Rogers. *Second Row: (L to R)* Bill Meehan, Rod Rodrigues, Tony Monteiro, Charles Gomes, John Barradas, Robert Simmons, Coach Ralph Perry. (Not shown: Anthony Rodrigues.)

The 1973-74 Cross-Country team exemplified hard work and desire. Although the harriers did not win a meet they put in many hours of hard work in their daily practices. This year can be considered one of rebuilding, as the majority of the team were underclassmen. Despite the fact that the boys had a winless season, one cannot say that they lost because they performed to the best of their abilities, and that's what winning really is. Coach Perry said that his team was one of spirit and he has high hopes for next year.

Those seniors competing for the last time in a NBHS uniform included Charles Gomes and Tony Monteiro, the two co-captains, and Robert Simmons.





GIRLS FIELD HOCKEY

This year has brought something new to NBHS — the formation of a Girls' Field Hockey team. Never before have the girls at NBHS had a squad in the Southeastern Mass. Conference. Mrs. Pauline Amaral is the coach of this hardworking, dedicated team. The girls did not do as well as expected, but this is understandable considering the lack of experience of many players. It is hoped that next year will prove to be a more successful season.

Graduating seniors included Co-Captain Robin Brodeur, Daphney Gibson, Carol Kut, Sally Stefanik, and Doreen Vercammen.

First Row: (L to R) Babette Perry, Kathy LeBlanc, Elizabeth Perry, Kathy Hopwood. *Second Row: (L to R)* Robin Brodeur, Sally Stefanik, Carol Kut, Cynthia Tulloch, Elizabeth Ostric, Doreen Vercammen, Janet Peitavino, Dawn Oliver, Daphney Gibson, Debbie Chervinsky, Mary Kummer. (Not shown: Marjorie Picanso, Theresa Gaudreau, Celeste Desrosiers.)

SOCCER

First Row: (L to R) Santiago Pavao, Jack Benedito, Aurelio Coelho, Joe Neves, Tony Cardoza, Joe Moura, Porfirio Caneira, Oswaldo Ferreira, Larry Bywell, Dean Ferguson, Jeff Pitts, Joe Porto, John Bettencourt, Joe Prata. *Second Row: (L to R)* Mike Lobo, Paul Costa, Alexandre Silva, Ed Demelo. *Third Row: (L to R)* Assistant Coach Pete Bryant, Joe Maciel, Kristofer Winterson, Tony Castro, Jack Almeida, George Gonsalves, Antonio Santos, Joao Bettencourt, Tome Furtado, Brian Nichols, John Costa, George Coelho, Jim Gilbert, coach Bob Parker. (not shown: Dale Ferguson)

This year's NBHS soccer team displayed excellent ability and team work all season long. Coach Bob Parker put his dedicated team through long hours of practice which proved beneficial to them.

Once again, the team qualified for the state tournament. In the quarter-finals of the Eastern Mass. Tournament, the team was seeking revenge for last year's 1-0 loss to Needham. They did so by posting a come-from-behind 2-1 victory. One person wasn't responsible for the win; it was a team effort all the way. The long season came to an end in the semi-finals with a tough 3-1 loss to Boston English. Despite the loss, the boys bowed out graciously and with pride.

Co-captains Joe Prata, Ed Demelo, Tome Furtado, and John Costa were the leaders of this squad and they gave the inspiration necessary to make the team function. However, it was the desire and motivation of each individual player that helped make for a successful year.

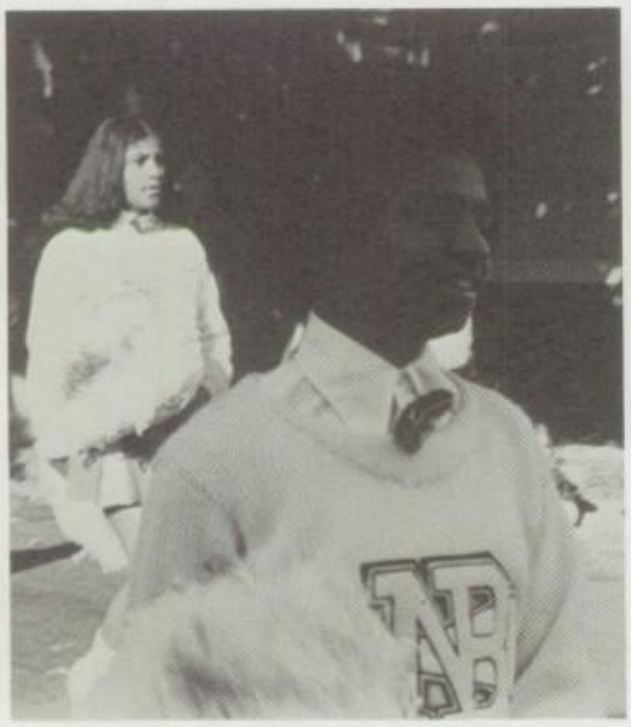
CHEERLEADERS

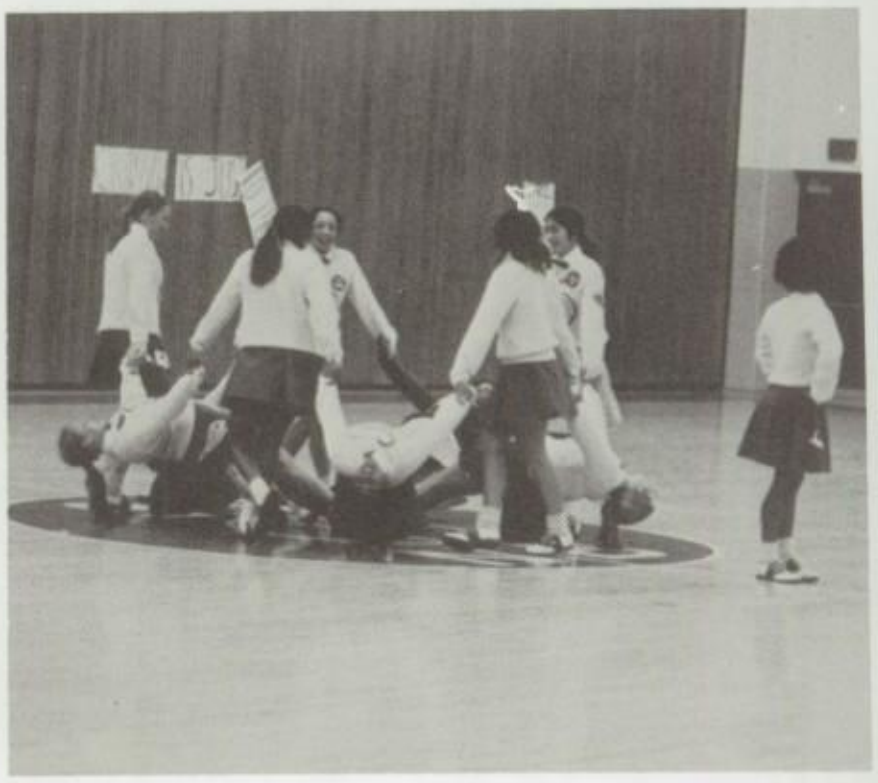
Spirit is alive, well, and going strong in eleven girls known as the NBHS cheerleaders. These girls are extremely dedicated and always give the fullest support possible to NBHS teams from football season through tennis season. No matter what kind of weather conditions, they are out there cheering their teams on.

Besides head cheerleader Cindy Santos, there are seven other Seniors on the squad. They are Gerry Fortes, Debi Mello, Denise Oliveira, Meredith Corson, Kris Ainsley, Carol Kennedy, and Diane Costa.

Juniors include Pat Leslie, Debi Pitts, and Sharon LaBossiere.

Front Row: (L to R) Pat Leslie, Denise Oliveira, Debi Mello, Kris Ainsley, Carol Kennedy, Debi Pitts. *Back Row: (L toR)* Gerry Fortes, Diane Costa, Cindy Santos, Sharon LaBossiere, Meredith Corson.





MAJORETTES

Front Row: (L to R) Judy Pacheco, Barbara Viera, Sue Luce, Doreen Williams, Jackie Cordeiro. *Back Row: (L to R)* Pat Petty, Donna Frade, Wendy Warrington, Mary-Ellen Malóne, Baunie Jones.

Sue Luce, head majorette, has come to the conclusion that her team has had a good year. She feels confident that they are doing a better job on the field with their new routine. The spirited atmosphere which the majorettes created is aided by the new band leader, Mr. Howard Rambsy. Together they have contributed to school spirit by generating more enthusiasm at games.

Other senior majorettes include Doreen Williams, Mary-Ellen Malone, Pat Petty, Baunie Jones, and Barbara Viera.

The juniors are Jackie Cordeiro, Wendy Warrington, Judy Pacheco, and Donna Frade.

HOCKEY

Front Row — (L to R): Bob Drake, Bobby Allen, Jim Ellis, Dave Cordeira, Billy Theodore, Mike Sullivan, Charles Fleet, Dave Bergeron. *Back Row — (L to R):* Coach John McBain, Jimmy Broughton, Brian Wooley, John Kinney, Jimmy Guilmette, Mark Sullivan, Peter Mello, Jeff Jackimocz, Steve Vargas, Billy Sylvia, Bruce McCann.

Take Coach John McBain and his talented group of hockey players, place them in the strong Bristol County Hockey League, and what do you get — a winning combination. With only four ice practice sessions a week, the Whalers formed a sextet that has to be termed one of the best of any team organized two years ago.

Led by captain Bill Theodore, and co-captains Dave Cordeira and Mike Sullivan, the icemen displayed too much talent for their competition. This trio of seniors included just a few of the many outstanding players on the team.

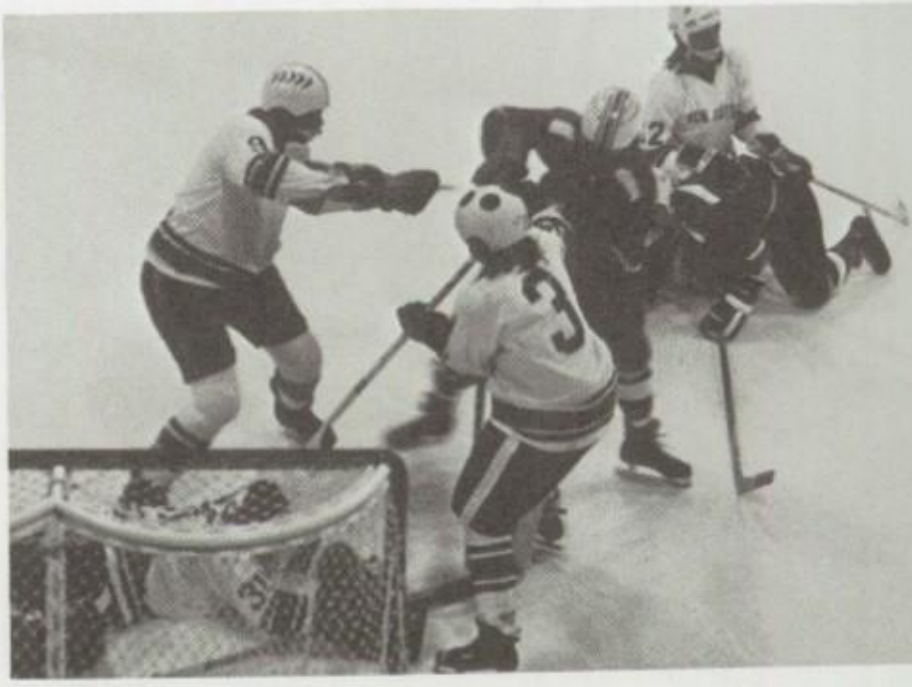
Along with league leading scorer Bill Theodore, the offense was balanced with such players as Charles Fleet, Peter Mello, and John Kinney.

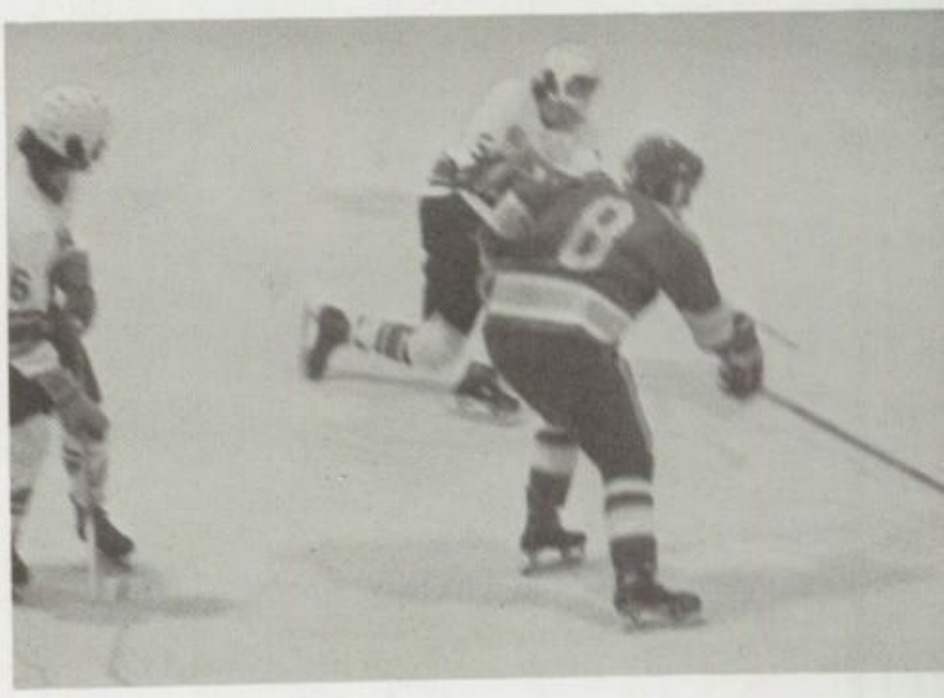
The defense was superb with standout efforts from the likes of Jim Ellis, Dave Cordeira, and Mark Sullivan. Dave Bergeron started off with some tough netminding, but was replaced by Bob "no goal" Allen because of an injury. With an excellent defensive unit, Bob has turned in several shutout performances.

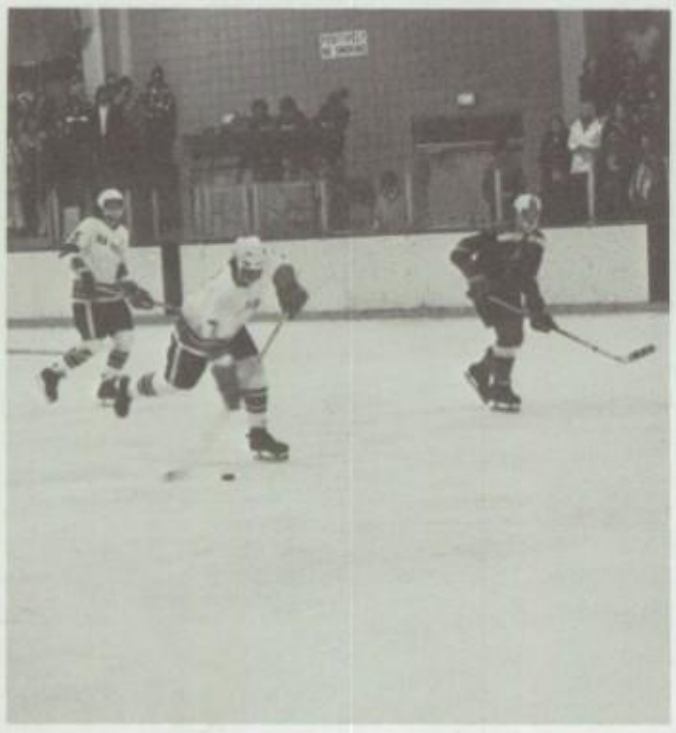
There was no doubt that the Whalers were ready for league competition as evidenced by their current 7-1-2 record, just one point off the league lead. Teamwork and unselfish attitudes contributed to a winning season, as did cooperation between players and coach. Without these qualities we would have been one of the rest rather than one of the best.

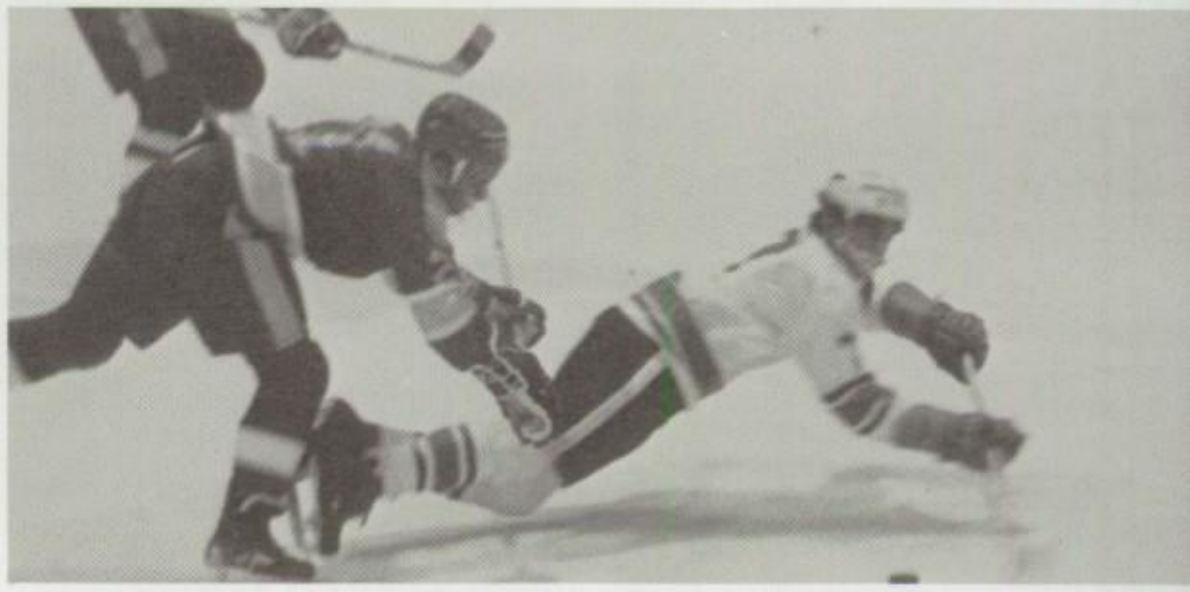
Several underclassmen were also major factors in the team's success and they are sure to shine in the coming years.

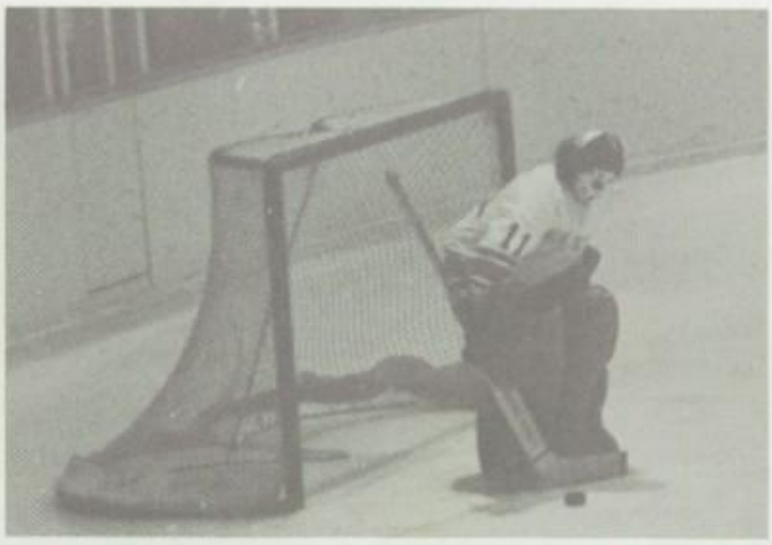
The Whaler fans should also be mentioned for their dynamic vocal support throughout the entire hockey season.

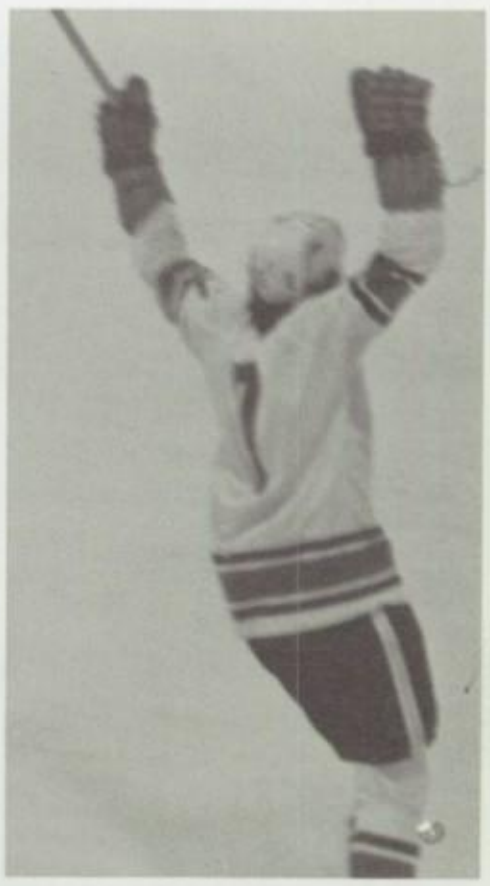


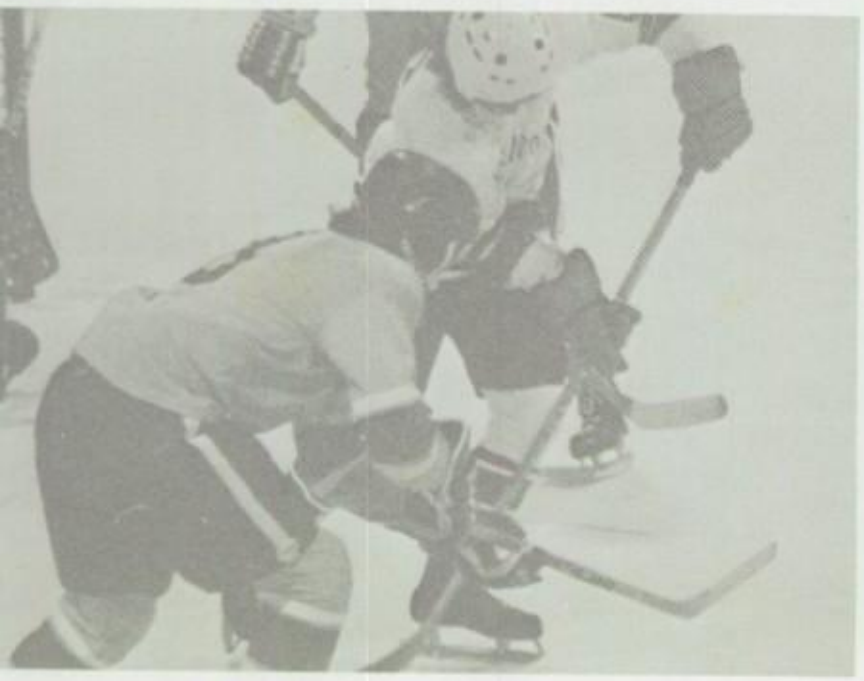












WINTER TRACK

Front Row — (L to R): Mark Nooth, Jim Sullivan, Mike LaBossiere, Dennis Rock, Joe Prata, Tony Monteiro, Bob Simmons, Charles Gome
Second Row — (L to R): John Roza, Glenn Pires, Butch Silva, Joe Bilodeau, Billy Meehan, Steve Kennedy, Eric Arena. *Third Row — (L to R)*
Brian Burke, Peter Bouchard, Larry Rogers, Scott Buckley, Dave Bilodeau, Jim Gilbert, Mark Macedo. *Back Row — (L to R):* Bruce Alpert, Be
Burns, Carlos Vieira, Danny Antone, Roberto Carter, Bill Quarles, Frank Slaughter, Manny Andrews.

This year's NBHS winter track team has been one of strong desire and dedication. Coaches Ponte and Perry made sure their men were prepared by holding several hard, thorough practices. Despite a current record of 3-4-1, the trackmen displayed excellent sportsmanship and a positive attitude.

Dennis Rock was probably the most outstanding man on the team, breaking several school and area records. He will be missed upon graduation.

Other graduating seniors include Mark Nooth, Jimmy Sullivan, Mike LaBossiere, Joe Prata, Tony Monteiro, Bob Simmons, Charles Gomes, John Roza, Danny Antone, Roberto Carter, Bill Quarles, Frank Slaughter.

GIRLS' BASKETBALL

This year's Girls' Varsity Basketball Team has earned an impressive 11 and 4 overall record and an 8 and 1 League Competition record. Coached by Louanne Longo, a NBHS gym instructor, the team has formed a cohesive unit comprised of seniors Helen Gomes, Sue Cardoza and Sue Leitao and Juniors Rose Lopes, Reggie Gomes, Diane Leitao, and Betty Soares.

If the girls win their final game of the season, then the team enters the Southern Massachusetts Regionals.

BASKETBALL

First Row (L to R): Greg Lima, Mickey Almeida, Co-Capt. Danny Rosa, Co-Capt. Greg Parker, Joe Antone, Dave Sylvia. *Second Row (L to R):* James Montague, Jeff Miller, Mike Bobrowiecki, Bobby Cruz, Bob Barboza. *Third Row (L to R):* Manager John Zychowicz, Stan Hemsley, Dave Houtman, Dennis Costa, Manager Rick Hill.

The Big Red Machine proved to be at its best in its return to league play with a current 7-2 record which leads Division I.

An early season upset by Barnstable stalled the Whalers hopes, but a victory over Taunton in the final minute of play proved to be a greater upset. The second time that the Lombardomen encountered each of these teams, they scored lopsided victories.

Pre-season competition with such outstanding schools as Provience Central and St. John's served to prepare the Crimson for their conference opponents.

This year's team was one that was particularly well-balanced, with a bench that enabled the starters to take a breather yet still retain the lead.

Greg Parker and Danny Roza were the co-captains and they provided the leadership for which they were selected. Both of these seniors will be missed next year. Perhaps the most outstanding individual player was Mickey Almeida, another departing senior. Mickey was this year's scoring leader, stringing the nets for double figures almost every game.

Two juniors also boosted the team's strength with their consistent performances, Mike Bobrowiecki and Jeff Miller. They should certainly prove to be an asset to next year's squad.

Greg Lima and Peter Ribeiro were two ballplayers that came off the bench whenever called upon and turned in several clutch performances.

Coach Mitch Kuliga's junior varsity team had another winning season and it appears that NBHS will remain a hoop power if his team's success is an indicator of how these underclassmen will fare next year on a varsity level.

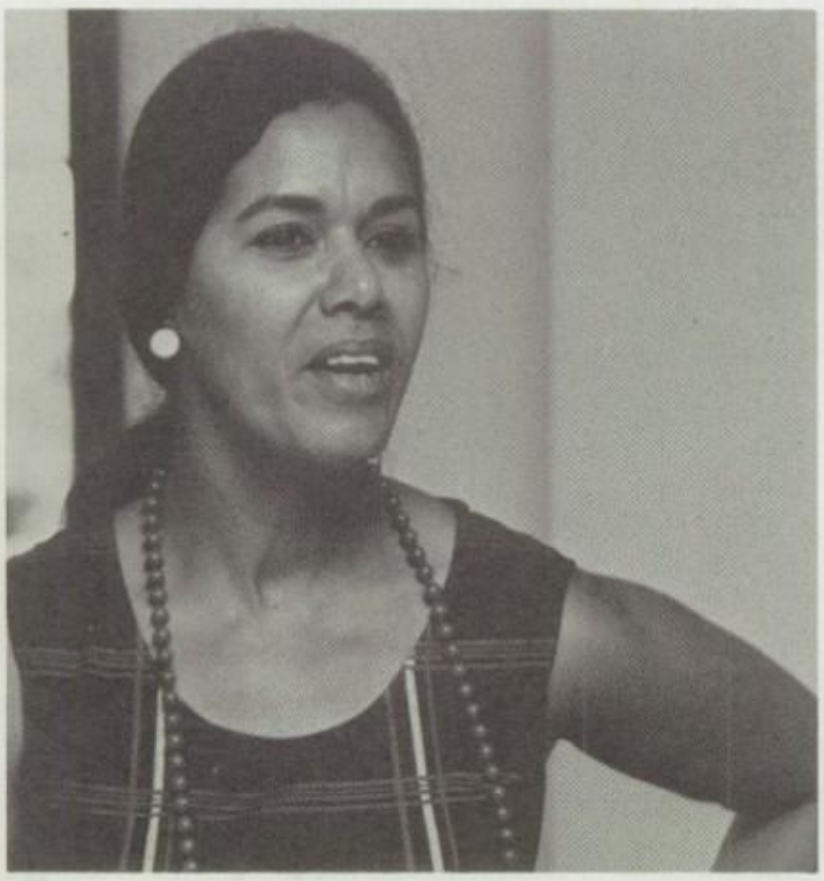
MRS. MARIAL HARPER



Mrs. Marial Harper, the new headmistress of the Blue House, speaks of her position with much optimism.

"It is a big change from the classroom but I still have the same rapport with teachers and students. I enjoy trying to help them with the problems that they encounter."

One of the changes of the job is that one loses all track of time when there are no bells to jump to and schedules to follow. She said the new appointment has broken her of one habit. "I never want to touch the phone when I get home. It seems that I'm constantly on the phone here."

In relation to how others feel about her position: "I take a lot of kidding from my former fellow teachers. They jokingly call out, 'There goes the administrator'." However, she considers her relationships with them as being basically the same.

Most of all, Mrs. Harper strives for fairness among teachers, students, and herself. She is there to listen to all sides of the story. "I hope that I never get so bogged down with unnecessary details that I am no longer able to communicate with the students."

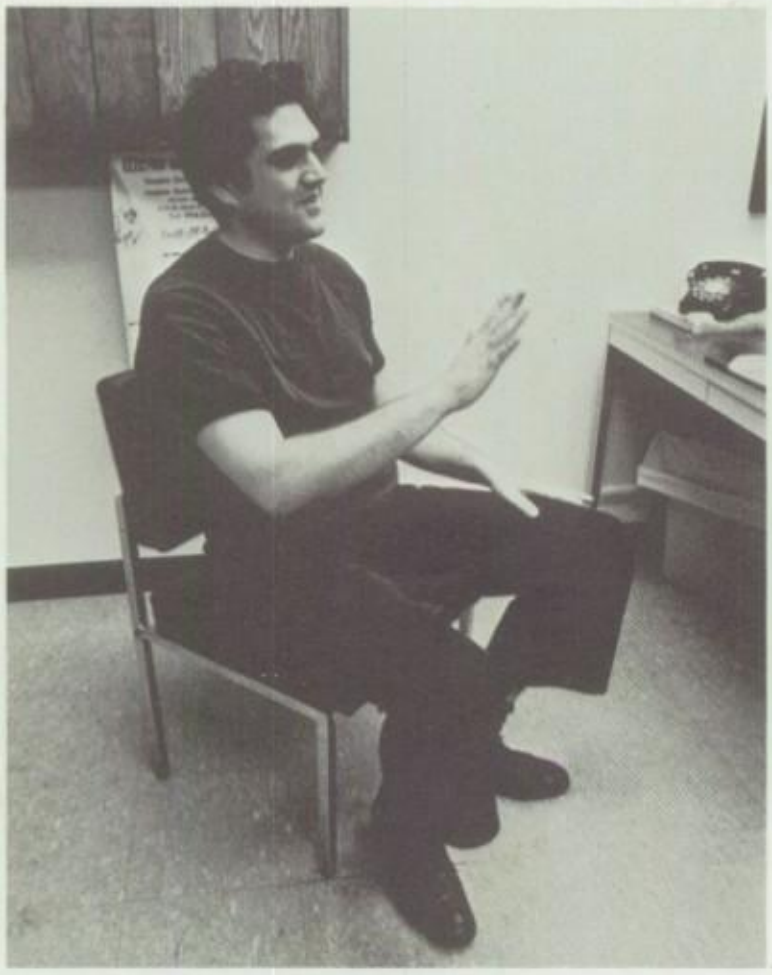
MR. THEODORE CALNAN

As the new administrative assistant, Mr. Theodore Calnan must deal with the overall operation of the school.

He maintains student records and deals with scheduling and public relations among the many other tasks that such a position entails.

Mr. Calnan feels that the main difference between this position and that of headmaster of the Blue House is that now he is no longer in direct association with students or teachers. He expressed the special pride that he feels for the Blue House even though he is no longer in contact with the people there.

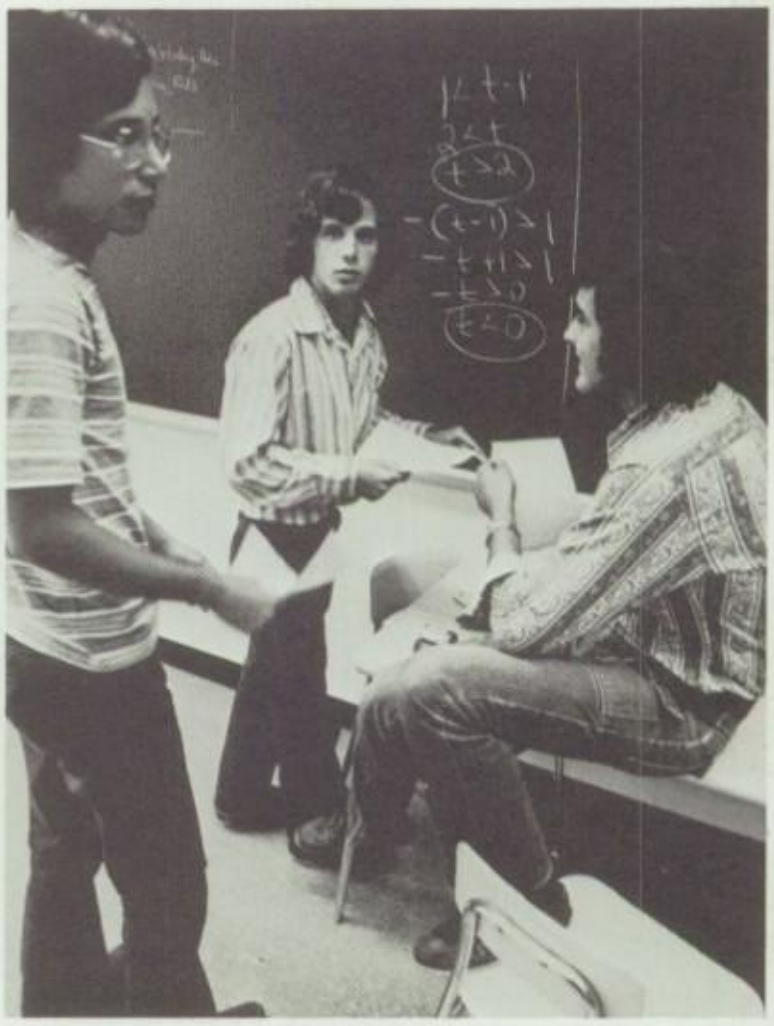
When asked how he felt about his new job, he answered, "I can't yet determine my reactions to this job because I have not been through a complete cycle of experiences yet. I am mainly trying to catch up with all of the responsibilities that have been building up since September."



"No thanks — none for me!"

"Sour milk again?"

"Is he or isn't he . . . wax?"



"Is it really you?"

"Did you hear the one about . . . ?"

Before I came to the USA, this year seemed to be inviting, but at the same time very long. Now, I feel as if it has been only a few months and as if I have known you, my American friends, forever.

At the beginning, everything was new and unusual, but you helped me to adjust quickly and to enjoy my stay in the USA. I'll remember the games we went to, the spirit against Durfee, and the wearing of clothes from the 1950's, the assemblies we had and the great feeling of being a senior.

I am very happy I got to know many young people of my age and the experience I had gained this year helped me to understand better my friends as well as myself.

This year has been the best year of my life so far, and all I can say is: thank you, my friends, for the great time I had.

Much love,

This year the American Field Service gave us Mira and Yasuko as Exchange Students. We have valued them as fellow students. We shall miss them as friends.

I was overwhelmed when I was chosen to come to the United States and few can imagine the joy and anticipation that I experienced upon arriving in San Francisco. Such a treat to fly across your vast country; a sight for any American to enjoy but for a Japanese to imagine such an expanse is almost unbelievable. My country is very small in comparison although topography is much the same. The United States has played an influential role in Japanese recent history, but there are those differences in our cultures which exist — and because of this I knew not what to expect.

It has been a great experience attending NBHS; you've all welcomed me with warm and gracious hearts — a truly memorable experience in my life! For this, I have all of you to thank, and you shall remain forever in my mind with the fondest thoughts.

A PAGE FOR PARENTS

If you have given up all hope for the younger generation, especially *yours,* you may be reassured by some of the answers given by the Class of 1974 to the following question: WHAT WILL YOU REMEMBER BEST ABOUT YOUR PARENTS?

Caring.
Concern.
Kindness.
Their
love.

Their making my friends welcome and relaxing them by not bothering them.
Both teaching me how to drive their own way. Saying it all without talking.
They're really cool after you get to know them. Never pushed me to do homework.

Their patience.
Their open minds.
They really cared.

They are as crazy as me. That they care and love so much.
All the love they've given me and all their unselfish ways.
Their putting up with me and all my crazy moods and crazy ideas.
I could always count on them. Them trying to bring me up right.

Their encouragement and trust.
The way they understood me.
I could really talk to them.
Always there when I need them.

Losing in many ways by not taking their advice.
Their ability to know when I've pulled something.
Tell ya to wash your jeans or throw them out.

They understand me when I have problems.
Borrowing the car from them all the time.
That they gave me everything I needed — love.

That they don't like long hair on *guys*.
How she let me be myself all the time.
They taught me how to be with people.
Their love, trust and understanding.

"There is only one more year left; stay in school."
The way they were always cool with me and my friends.
The advice my parents gave me to get me through life.
Their understanding and how there was no generation gap.

The way they understood me.
How fair they are with me.
"Turn down those records!"

The way they let me make my own decisions and be an individual.
How fantastic they are and how they surprised me and bought me a car
Telling me to be friendly with everyone and don't do what others do.

Mutual respect.
They loved me.
Strictness.
They tried!

Their silent giving. "Be home before 11 o'clock." Mother yells a lot. Questions.
How good they treated me. Their love and nutty personality. Their practicality.
Dad's OK. My Mom's really great; wouldn't trade her for any other mother I know.
Their listening ability and understanding ways and all the breaks they gave me.

Dynamite!
Nagging.

That they believe in education and they want us to get a better position than they did.
Being like parents. The hassles they gave me. Their sense of humor. How easygoing they are.
Telling me to behave when going out. Their ever-present love. Just being farout parents.

"Thoughts That Will Guide Us"

Moods are lovely and deep
But we have dreams to fulfill
And a long road
Winding to success.

As we look back over the past three years and remember our teachers, we see that from them we gained much more than the knowledge and skills necessary for study. All of them in their own special way have contributed to a deeper understanding of ourselves and of the people around us, and have helped to prepare us for the responsibility of becoming more mature adults.

At our present crossroad, we look back in remembrance — we look forward in anticipation.

The road ahead of us will not be an easy one. Great demands are put upon us . . . But we have dreams to fulfill.

Often
your tasks will be
many,
And more
than you think
you can do . . .
Often
the road will be rugged
And the hills
insurmountable
too . . .
But always
remember,
the hills ahead
Are never
as steep as they seem
And with
faith
in your heart
start upward . . .
And climb
'til
you reach
your
dream . . .

For nothing
in life
that is worthy
Is ever
too hard
to achieve . . .
If you
have the courage
to try it
And you
have the faith
to believe . . .
For faith
is a mover of
mountains

There's nothing
that God
cannot do . . .

So start out
today
With faith in
your heart
and
climb till
your dreams
come
true!

Helen Steiner Rice

As we leave
this school
with success
in our
heart . . .
We'll
climb 'til
our dream
comes
true!
